Bedford, NH- January 12, 2015 - The Baldwin & Clarke Companies, an integrated financial services leader in New Hampshire serving the needs of businesses and individuals for more than 40 years, announces it has been selected as the investment advisor for the endowment funds of the Girls Scouts of the Green and White Mountains, which serves Vermont and New Hampshire. The appointment was made following an extensive and thorough search process to select a financial services partner with the right blend of experience, acumen, and shared vision in an effort to meet the investment objectives of the Girl Scouts' organization.

Girl Scouts of the Green and White Mountains is one of 112 councils chartered by the Girl Scouts of the USA, the world's leading organization dedicated solely to girls, where, in an accepting and nurturing environment, girls build character and skills for success. Their organization serves more than 12,300 girls throughout both states. With the guidance of more than 5,000 dedicated and trained volunteers, girls discover the fun, friendship, and power of girls together. The Girl Scout program furthermore works to address the critical issues facing girls today through discussion, research, and advocacy.

"We are proud and honored to have been selected by this excellent organization that serves so many young women in New Hampshire and Vermont," said Chuck Baldwin, Principal and Co-Founder of the Baldwin & Clarke Companies. "We truly value our newly forged relationship with the outstanding people tasked with overseeing the endowment of the Girl Scouts organization and are excited to help advance their positive mission going forward"
